CDC Dec 17, 2017 **Positivity rate 14%** - Flu A – 85% (2009 H1N1 -8% , seasonal H3 -89%) Flu B – 15.0%

Influenza Positive Tests Reported to CDC by U.S. Clinical Laboratories, National Summary, 2017-2018 Season

2017-18 Influenza Season Week 50 ending Dec 16, 2017

ILI Activity Level

*This map uses the proportion of outpatient visits to healthcare providers for influenza-like illness to measure the ILI activity level within a state. It does not, however, measure the extent of geographic spread of flu within a state. Therefore, outbreaks occurring in a single city could cause the state to display high activity levels.

*Data collected in ILINet may disproportionately represent certain populations within a state, and therefore may not accurately depict the full picture of influenza activity for the whole state.

*Data displayed in this map are based on data collected in ILINet, whereas the State and Territorial flu activity map are based on reports from state and territorial epidemiologists. The data presented in this map is preliminary and may change as more data is received.

*Differences in the data presented by CDC and state health departments likely represent differing levels of data completeness with data presented by the state likely being the more complete.

*For the data download you can use Activity Level for the number and Activity Level Label for the text description.

A Weekly Influenza Surveillance Report Prepared by the Influenza Division

Weekly Influenza Activity Estimates Reported by State and Territorial Epidemiologists*

Week Ending Dec 16, 2017 - Week 50

*This map indicates geographic spread and does not measure the severity of influenza activity.

The most prevalent target as Dec 26th are; Enterovirus, HHV6 (positivity rate 20.5%)

The most prevalent targets as **Dec 9** are; **Giardia** and **E. histolytica**

The most prevalent target as Dec 26th are; NORO GII and GI virus

Neuraminidase Inhibitors Resistance in Samples Collected - Oct 1- Dec 16, 2017,

No resistance – detected

Per CDC website	Oseltamivir		Zanamivir		Peramivir	
	Virus Samples tested (n)	Resistant Viruses, (%)	Virus Samples tested (n)	Resistant Viruses, (%)	Virus Samples tested (n)	Resistant Viruses, (%)
Influenza A (H1N1)pdm09	79	0	67	0	79	0
Influenza A (H3N2)	391	0	391	0	304	0
Influenza B	85	0	85	0	85	0
